## -----Submitted Questions-----

1. Can it be stated in our communications to providers that the NPI deadline has been changed or relaxed?
2. Does AHCCCS have a contingency plan in place for those providers that threaten discontinuance of operation as an AHCCCS provider due to lack of payment for no NPI?
3. Does AHCCCS know if the Health Plans/Program Contractors are/will be required to submit a formal request for an extension of the May 23rd, 2007 cut-over date?
4. How far behind is AHCCCS Provider Registration in loading NPI to provider files?
5. Will there be any consideration for timely claim submissions until all NPI are loaded, e.g., lifting timeliness edits?
6. If a claim is submitted with AHCCCS ID, then resubmitted with NPI, will that be held to the 6-month or 12-month timeliness edit? (Under normal circumstances, we can't change provider ID.)
7. What will be the impact of the new form types (both HCFA and UB-04) on the 837 transactions?
